

CSL Research Acceleration Initiative

Seeking Expressions of Interest from Research Organisations

WHY COLLABORATE WITH CSL?

Global capabilities on your doorstep.

Work with one of the world's leading biotech companies.

Funding for successful proposals.

Access to commercial R&D, clinical, intellectual property, marketing and manufacturing expertise.

Accelerate translation of your research to deliver new therapies to patients.

CSL is a leading global biotech company that develops and delivers innovative biotherapies to help people living with life-threatening medical conditions live full lives.

CSL's **Research Acceleration Initiative** aims to fast-track discovery of innovative biotherapies through partnerships between CSL and global research organisations. These partnerships provide funding and access to industry experts for scientists working on novel biotherapeutic strategies in CSL's therapeutic areas.

Expressions of interest are sought from Business Development / Commercialisation representatives across global research organisations that wish to participate in the 2023 CSL Research Acceleration Initiative.

The 2023 Research Acceleration Initiative will focus on innovative research projects that address unmet medical needs and are aligned with CSL's **Therapeutic Areas** and scientific **Platforms**:

CSL Research Acceleration Initiative

Additional Information

REGISTER YOUR RESEARCH ORGANISATION

BD / Commercialisation representatives from research organisations (universities, medical research institutes, hospitals) are invited to register their organisation's interest to participate in the 2023 Research Acceleration Initiative by **emailing RAI@csl.com.au by 11th December 2022** expressing your interest to participate.

ASSIGN YOUR PRIMARY CONTACT

CSL requests that each research organisation nominate **one** BD / Commercialisation representative to be assigned as the primary contact for CSL.

CALLS FOR SCIENTIFIC PROPOSALS

CSL will work with nominated BD / Commercialisation representatives from participating research organisations to seek scientific proposals that align with the focus areas for the 2023 Research Acceleration Initiative. Focus areas will be available for registered organisations in December. Scientists who wish to apply will be asked to submit a 300-word online abstract that outlines their proposal. Online submission of abstracts will open in January 2023.

LIMITATIONS ON SUBMISSIONS

There is no limit on the number of abstracts that can be submitted by registered research organisations.

FUNDING

Successful applicants will receive up to AUD 250,000 per year for up to two years (maximum AUD 500,000 funding) to accelerate translation of their research. Funding is subject to successful negotiation and execution of a research collaboration agreement between CSL and research organisation.
